Prior to the commencement of official business the meeting welcomed Sheffield City Councillor Shaffaq Mohammed and Recreation Officer Mr Hargate to the meeting. An in-depth discussion took place regarding the level of Sheffield City Council investment in parish parks, recreation grounds etc. in the past and also plans for the future. The meeting was pleased to note that £100,000 had been allocated for the area, which would include some “play builder” sites for younger people. Mr Hargate agreed to provide the City council video on “natural play” to the Parish Council for viewing at a future time. Mr Hargate agreed to convey the Council’s comments on the lack of adequate allotments in the area to the officer responsible. Members noted the comments made at the meeting and looked forward to seeing the visual signs of the £100,000 investment forthcoming in the parish. The Chairman thanked Cllr Mohammed and Mr Hargate for attending the meeting. A report from Mr Hargate is attached (Appendix A – Confidential document – for Councillors only).

<p><b><u>MINUTE NO.37.</u></b>  <b><u>PUTTING SHEFFIELD PEOPLE IN THE DRIVING SEAT – A COMMUNITY INVOLVEMENT STRATEGY – SCC</u></b>  Cllr House reported in depth on this item and noted the following points. The statement was about community involvement but it was very woolly and couched in such broad brush terms that it was difficult to see initially how parish councils could be involved. It was also made available too late to the parish council for meaningful consultation before the end of May deadline or June council meeting. It was agreed that these comments be conveyed to the City Council together with a note of the disappointment that Parish Councils that are not mentioned individually as being participants in the initiative, particularly as the areas covered by the Parish Councils are very large and they should have some positive input as partners, participants etc. in the strategy as a matter of course.</p>			Clerk to write to City Council with views of Councillors
<p><b><u>MINUTE NO.38.</u></b>  <b><u>UPDATE ON HIGH GREEN INITIATIVES</u></b>  Cllr House gave an in depth report on the recent initiatives taking place in High Green and the benefits to various sectors of the community which the initiatives would provide. <p><b><u>MINUTE NO.39.</u></b>  <b><u>HIGH GREEN COMMUNITY WORKER</u></b>  Cllr Bower reported on the gap between what the Parish Council needed and the details supplied regarding a High Green worker. It was agreed to request the Northern Assembly to let the Parish Council know what funding may be required for this worker and a note on what the Parish Council's financial involvement was likely to be.</p> <p><b><u>RESOLVED UNANIMOUSLY</u></b>  <b>(Proposed by Cllr Mr S Bower</b>  <b>Seconded by Cllr Mrs D Fearnley)</b>  That a letter be sent regarding funding for a High Green worker.</p>	<p>Letter to be sent to Northern Community Assembly re funding required towards cost of High Green worker.</p>

<p><b><u>MINUTE NO.23.</u></b> <b><u>PLANNING PROPOSALS FOR CONSIDERATION</u></b></p> <p><b><u>09/01636 – 17 Crakehall Road, Sheffield S35 9WQ</u></b> A resident from a neighbouring property attended the meeting and brought in his objection to the above application along with copies of photographs showing the visual impact on his property. His objections are on the following grounds:-</p> <ul style="list-style-type: none"> <li>§ Visual impact – two storey side extension extremely close to his one storey bungalow.</li> <li>§ Misrepresentation of boundary line - the plans do not reflect the correct building line.</li> <li>§ Access and maintenance restrictions – there is only a one foot gap between the edge of his guttering and the boundary line. He would not be able to maintain his own property.</li> <li>§ Foundations – as the extension is proposed to be built directly on the boundary he is concerned that the developers will need to access his land to lay the footings.</li> <li>§ Restriction of light – two storey building close to a ground floor bedroom where light would be severely restricted.</li> </ul>	

<p>§ Safety and performance of chimney – the proposed development would only be two foot away from the tall chimney which would mean this no longer complies with current building regulations.</p> <p>The Committee considered the above objections and felt that they would like to support the resident’s objection and request that a decision be made by the full Committee and not an individual officer. They would also like to request that a site visit be made to the development by the Committee as an officer has already made a site visit.</p> <p><b><u>09/01672 – 6 Middle Lane, Grenoside, Sheffield S35 8PS</u></b>          Although no objections had been received to the above development the Committee were aware that the application had previously been refused in October 2008 by the City Council on the grounds that the proposed development was unsatisfactory by reason of its external appearance, detailing, siting and materials and that the design was detrimental to the character of the property and the Grenoside Conservation Area. The Committee would like to be assured that the grounds for refusal had now been overcome in the current application.</p> <p><b><u>09/01653 – Greystones, 55 Housley Park, Sheffield S35 2UE</u></b>          Although no objections had been received from residents of surrounding properties, the Committee are aware that the previous application was granted conditionally and they would have no objection to the development as long as the new plans are in line with the conditions laid down. The Committee had objected previously in June 2008 with regard to the wooden fence and the disposal of rainwater and had previously requested a site visit.</p>	<p>Letter to be sent to Head of Planning Sheffield City Council supporting resident’s objections.</p> <p>Letter to be sent to Head of Planning regarding development in Conservation area.</p> <p>Letter to be sent to Head of Planning regarding previous conditions stipulated.</p>
