IOLANTHE

This spring, let Grenoside and Birley Carr Players spirit you off to another realm, as they bring the much-loved opera Iolanthe to the Grenoside stage.

Iolanthe was banished from Fairyland for marrying a mortal. 25 years later, will she be given the chance to return to her people?

Strephon the shepherd is in love with Phyllis, but who is the beautiful young lady he is seen with? Will a new role change his fortunes?

Phyllis returns Strephon's affections, but the Lord Chancellor has forbidden their marriage. Instead, she must choose from the many Members of Parliament who are eager for her hand. What can she do?

Join these characters and more, for a night of magic and mayhem, as the British political system is given the Gilbert and Sullivan treatment.
