

## TRAVELMASTER DAY TICKETS TO GO MOBILE

**PASSENGERS** in South Yorkshire will soon be able to buy their 1-day TravelMaster tickets through the First mTickets app and Stagecoach Bus app.

From the 1<sup>st</sup> August 2018, all 1-day TravelMaster tickets will be available to buy through both Apps making it even easier and more convenient for passengers to buy before they board. This means that 1-day tickets can be bought in advance at home, at work or even at the stop or station before a journey starts.

Passengers will simply buy their 1-day ticket on whichever app they want, they're available on android and apple devices, and show their phone to the driver or conductor on board when they've activated it. If they have a discounted GetAbout ticket they will also need to show their valid MegaTravel or 16-18 Travel Pass.

Matt Smallwood, General Manager of TravelMaster, said: “Our range of flexible 1-day tickets already offers great value for transport users in the region and I’m pleased that we’re now able to offer them through the First and Stagecoach m-Ticket platforms.

This is a great example of joined up collaborative delivery that makes it even easier for our customers to access our great range of 1-day products at their own convenience whilst also reducing the amount of time taken to issue TravelMaster products on board which can contribute to delays.”

Passengers will be able to purchase the day versions of all TravelMaster multi-operator tickets which covers the CityBus & CityWide in Sheffield, BConnect in Barnsley, DonConnect in Doncaster, RConnect in Rotherham, SYConnect & SYConnect+ throughout South Yorkshire and the GetAbout & GetAbout+ tickets for under18s.
