50. To receive notifications of any planning decisions notices (listed)

Councillor Alan Hooper explained that in addition to the eleven planning applications that were to be considered he was aware that an amendment had been made by the applicant to the 96-98 Wheel Lane planning application, which the Council had previously objected to. He noted that Sheffield City Council do not formally notify parish councils and other interested bodies of amendments to planning applications. This amendment was small and was not, by a wide margin, sufficient to make the scheme acceptable. He, in conjunction with the Clerk, had under delegated powers restated the Council's objection to this planning application.

The eleven planning applications were considered.

Councillors Alan Hooper and Carol Levery stated that they had looked on Sheffield City Council's portal in respect to 20/02096/FUL Hill Top Stables and could not locate it. It was explained that it was more than likely that this had been withdrawn by the applicant. The Clerk was asked to confirm that this was the case. It was agreed that should the application be still live and the deadline for responses be before the next date of the Environmental Planning meeting that the Clerk in conjunction with the Chairman be granted delegated powers to deal with it.

A detailed discussion took place on 20/02775/FUL relating to the erection of a single-storey building with curtilage for small scale catering production at 8 Whitley Croft. It was noted that several objections had been received from neighbours about this planning objection. It was considered that introducing an employment use into a residential area would be harmful residential amenity and not appropriate. It was agreed that the Council should object to it.

With regard to planning application 20/03179/FUL Erection of Single Storey rear extension and rear dormer window that the Council had no objections in principle to the scheme but would ask Sheffield City Council to ensure that there would be no harm to neighbouring properties due to overlooking by the proposal.

Proposed by Councillor David Ogle and Seconded by Councillor John Brownrigg, and **RESOLVED:** That the Council has no objections or comments to make on these planning applications, except for

- (1) 20/0296/FUL – Hill Top Stables, Holly House Lane, Sheffield – Provision of menage and associated structures, which it was agreed that the Clerk should be granted delegated powers to coordinate a response in consultation with the Chairman and other members of the Committee.
- (2) 20/02775/FUL - Curtilage of 8 Whitley Croft, Sheffield - Erection of a single-storey building with curtilage for small scale catering production at 8 Whitley Croft, which it was agreed that the Council would object to.
- (3) 20/03179/FUL - 9 St Michael's Road, Sheffield - Erection of a single storey rear extension and rear dormer window, which the Council would ask Sheffield City Council to ensure that there would be no harm to neighbouring properties due to overlooking by the proposal.
