to me, Alan

Hello,

I don't know if I'm still in time to add comments from residents on Fernlea Grove S35 9UY about this proposal to build a bungalow on land behind and above them. There has already been some excess surface water cascading from this sloping site since the trees etc were removed to enable the houses at 209 High Street to be built. An additional dwelling will add to the run-off of water at times of rain and snow.

The deadline for comments is 1 February so I hope this can be added to the Parish Council contribution.

Thanks

Vic Bowden
