102. Environmental Planning Minutes

The approved minutes of the meetings held on 14th January 2021 and 21st January 2021 were considered and the comments below were noted.

Environmental Planning Minutes 14th January 2021

- Councillor Alan Hooper would like Sheffield City Council to be contacted again regarding the footpath on Greenwood Road to Mortomley Lane, as no response has been received to Ecclesfield Parish Council from previous queries.
- The 4 telephone boxes in the Parish area which have been listed for removal from BT and objections have been received to their removal. The Parish Council has written to BT asking that if one or more of them be removed, could the Council be given the opportunity to adopt them as it may wish to re-use them, in particular, to install defibrillators.

Environmental Planning Minutes 21st January 2021

- Councillor Alan Hooper updated the Committee on a resident's request for a memorial bench in Grenoside in memory of his late father. Councillor Alan Hooper has corresponded with the resident and met up with a family member to look for sites around Grenoside to place the bench. Contact has been made with the Community Centre in Grenoside and Friends of Grenoside Green to place a bench outside the Community Centre. Friends of Grenoside Green have a policy of not providing memorial benches. Councillor Alan Hooper and the resident's family are hoping to find a suitable alternative location. Councillor Alan Hooper will continue to stay in contact with the resident and his family with regards to the location and installation of the memorial bench.
