Mr Andrew Towlerton
Ecclesfield Parish Council
Mortomley Lane
Sheffield
S35 3HT

Dear Mr Andrew Towlerton

Graffiti
High Green Clinic Thompson Hill Sheffield S35 4NF

Thank you for your enquiry with regard to the above mentioned address.

The matter you have raised has been registered as an enforcement case under the above reference number and is to be investigated by the Planning Enforcement Officer below. We aim to provide a detailed response within 25 working days. Where there is a breach of planning control, the majority of cases can be remedied within 6 months, but a significant number of cases can take longer, due to complex application, appeal and legal processes that have to be followed. We will endeavour to keep you informed of progress with the case.

The prime objective of the enforcement service is to stop breaches of planning control that would otherwise harm the environment or local communities, in the public interest. The most harmful or highest risk cases are given priority. Where an acceptable solution should be possible, a reasonable approach will be taken, which can result in development that should have had planning permission in the first place getting it after the event or in no further action being taken against less significant breaches.

To learn more about the enforcement process, our policies and performance, you can look at our web pages at <https://www.sheffield.gov.uk/home/planning-development/report-planning-enforcement-issue>. The personal details of individuals will be kept confidential.

Should you require any further information about this case, please contact the officer named above.

Yours faithfully

Planning Enforcement
