Subject: Reece and Lemar

Hello. My name is Reece Eschoe. Me and my cousin Lemar spoke at your council meeting last week. Firstly it was a pleasure to attend and thank you for letting us speak. As someone that lives in the Chapeltown parish it was great to see how our council comes together and be a part of it.

I know you asked about how you could help us in our community event. Two ways in which it would be a massive help to our cause would be some advertisement of our event on your social and digital platforms. Also a donation of £240 would help massively in providing our players with kits to play in for the tournament. Thank you for your consideration and hope to hear from you soon

Regards

Reece Eschoe
