

## **Bus service changes in South Yorkshire from 23 July**

As you are aware, bus companies in South Yorkshire are free to decide where and when they will run services and our bus network was significantly reduced following commercial reductions last year.

South Yorkshire Mayoral Combined Authority (SYMCA) has used £2.76m of its annual available budget to pay bus companies to reinstate daytime journeys from Sunday 23 July on the following:

- 7 (Globe) - Hoyland - Rotherham, partially replacing services 236 and 136 in Rotherham – hourly Monday to Saturday
- 10 and 10a (Stagecoach Yorkshire) - Manor Top -Sheffield – hourly (each direction) Monday to Saturday
- 32 (TM Travel) - Sheffield - Northern General Hospital - hourly Monday to Saturday
- 35a (Cawthornes) - Chapeltown - Thorncliffe Park – trips throughout the day Monday to Saturday based on shift times
- 83 (Stagecoach Yorkshire) - Ecclesfield – Fullwood – introduction of an early morning journey from Ecclesfield to Sheffield Monday to Saturday
- 114 (Stagecoach Yorkshire) - Rotherham – Herringthorpe - hourly Monday to Saturday
- 138 (Stagecoach Yorkshire) - Rotherham - Kimberworth Park - hourly Monday to Saturday
- M17 (TM Travel) - Jordanthorpe – Dore - hourly Monday to Saturday
- X7 (TM Travel) - Sheffield – Maltby, diverted via Flanderwell, plus an extra trip in the morning and afternoon, to replace service X10 – Monday to Friday
- X74 (TM Travel) - Sheffield - Meadowhall, partially replacing service A1 with services reinstated between Sheffield, Waverley and Meadowhall - hourly Monday to Friday.

How is this being communicated to the community?

Our Travel South Yorkshire website, where we bring together information from all of the bus, tram and train operators, makes it easier for people in our communities to plan their journeys and keep up to date with the latest changes.

Details of the reinstated bus services along with timetables will be available on our service changes page at [travelsouthyorkshire.com/servicechanges](http://travelsouthyorkshire.com/servicechanges) as soon as possible ahead of the services starting operation.
